REVISED ISCC-NBS COLOR DESIGNATIONS FOR THE COLORS OF THE STANDARD COLOR
CARDS ISSUED BY THE TEXTILE COLOR CARD ASSOCIATION OF THE UNITED STATES.*

This Letter Circular brings up-to-date the color designations for the colors of the Standard Color Card of America¹ and the U.S. Army Color Card² given in National Bureau of Standards Research Paper RP1700³. The color designations given in RP1700 were based on the original ISCC-NBS method defined in RP1239⁴; these have been changed to accord with the revised ISCC-NBS method given in NBS Circular 553⁵.

The following table is identical with table 5 of RP1700 except that the last column corresponds to the revised method given in NBS Circular 553, and except for four entries as follows: two colors have been added to the Supplement to the U.S. Army Color Card, U.S. Air Force Yellow (65023) and U.S. Army Teal Blue (65024), and two color names for two colors already in the U.S. Army Color Card have been changed, U.S. Army Pansy (65009) to U.S. Army Purple and U.S. Army Mosstone (65022) to U.S. Army Mosstone Green. These additions and changes have been made at the request of the Textile Color Card Association.
